

## Seminars

Following the abolition of employment tribunal fees, we have seen an increase in the number of claims brought against employers. With this in mind, our March 2019 seminar takes the form of a **mock tribunal hearing** to ensure that you and your managers are in a stronger position to prepare for and defend any employment tribunal claims. It is suitable for line managers, HR professionals and in-house lawyers with responsibility for employment issues.

## Workshops

Our 2019 workshop programme focuses on topical employment law issues, from handling workplace investigations to managing mental health issues in the workplace. Guaranteed to provide a hands-on, practical and strategic insight into the topics covered, they will address:

<b>May</b>	Handling Workplace Investigations
<b>June</b>	GDPR – 12 Months On
<b>July</b>	Whistleblowing in the Workplace
<b>October</b>	Tackling Difficult Exits
<b>November</b>	Managing Mental Health Issues

Our workshops are suitable for line managers, HR professionals and in-house lawyers. They are highly interactive and provide attendees with a valuable opportunity to share experiences with one another and ask questions of our employment experts.
